**Brokens:** Met with a good demand. Well made good liquoring types were firm to little dearer following quality. Others were easier. Plain and the poorer types met with selective demand at easier rates with large withdrawals.

**Fannings:** Clean good liquoring types met with a better demand and mostly sold at around last levels. Select few best types tended dearer. Others met with a fair demand at irregular rates. Poorer types were generally neglected and where sold, were heavily discounted.

**Dust:** Clean useful liquoring types sold well at about firm rates. Others were easier. Poorer types were difficult of sale. CD's met with less demand and suffered some withdrawals.

**Comment:** Offering this week was the largest so far recorded in this auction centre. However, improved demand from the Blenders led to a steady market particularly for the cleaner types on offer. Poorer types were mostly neglected.

**FLASH:** Today, July 16, 2019 marks the 70<sup>th</sup> Anniversary of the Chittagong Tea Auction Centre.
